

BUILDING SAFETY MONTH **MAY**

INTERNATIONAL CODE COUNCIL

Promoting Awareness Through Building Safety Month

Building Safety Month (BSM), founded by the ICC, is celebrated by jurisdictions worldwide during the month of May.

Building Safety Month is a public awareness campaign to help individuals, families and businesses understand what it takes to create safe and sustainable structures. The campaign reinforces the need for adoption of modern, model building codes, a strong and efficient system of code enforcement and a well-trained, professional workforce to maintain the system.

The campaign is presented by the ICC and its 57,000 members worldwide along with a diverse partnership of professionals from the building construction, design and safety community. Corporations, government agencies, professional associations, nonprofits and more come together to support Building Safety Month because they understand the need for safe and sustainable structures where we live, work and play.

To help promote Building Safety Month, please check on the “Self-Inspection” link below. This will provide guidance for your business in promoting a fire safe environment.
