

UNIFIED FIRE AUTHORITY FIRE PREVENTION BUREAU

3rd Party Plan Review Companies “List”

11/23/2010

This document lists procedures for using a 3rd party company to assist with Plan Review. This list is subject to change and improved as various companies submit their qualifications.

**Unified Fire Authority, Greater Salt Lake
Fire Prevention Bureau
Fire Protection System Plan Review**

Comments: Third party plan review is required. Please see information below.

Please note that Section 104.7.2 (Technical Assistance) of the International Fire Code allows the fire code official to require the building owner or agent to provide without charge to the jurisdiction a technical opinion or report. The opinion and report shall be prepared by a qualified engineer, specialist, laboratory or fire safety specialty organization that is acceptable to the fire code official. The purpose of the report (3rd party review) is to analyze the fire safety properties of the design, operations or use of the building or premises and the facilities and appurtenances situated thereon, and to recommend any necessary changes. The fire code official is authorized to require design submittals to be prepared by, and bear the stamp of a registered design professional.
